

# 2026 SPONSORSHIP PACKET

**VIBRA ATL**  
**HACKATHON**

**APRIL 4TH - 5TH**

# ABOUT VIBRA ATL

Our hackathon is a joint event across all chapters of SHPE in Georgia including **Georgia Tech, University of Georgia, Kennesaw State, Georgia State**, and more! VIBRA ATL is all about creativity and community: students develop projects that address needs in Atlanta communities to pitch to a panel of company representatives, professors, and peers.

Our hackathon welcomes college and university students from different backgrounds and disciplines that are passionate about applying their technical skills. We estimate an attendance of **100+** hackers, comprised mainly of computer science, engineering, and technology students.

## WHY SPONSOR

Hosted in Atlanta as a statewide SHPE hackathon, Vibra ATL will bring together students from up to six SHPE chapters. This event offers an exceptional platform for companies to connect with some of Georgia's most driven and talented engineering and technology students.

With sponsorship perks for branding, recruitment, and student engagement, our hackathon is an exceptional environment to market your company and its intern, research, and early career opportunities. Various sponsorship packages offer chances to immerse creative young minds in new problems, introduce students to new technologies, and charter projects for community good.
